

Magwi town boundary

State

Roads

Water points (93)

Latrines (729)

More than 250m from water point (est. 1,096 individuals)

Population density

11 per km²

4 per km²

Note on methodology: this map uses a population density grid to calculate the approximate number of individuals living more than 250 meters from a water point. Each cell represents roughly one square kilometer. Results are not representative and are meant to provide a starting point in identifying neighborhoods that lack adequate water infrastructure.
