

Findings Factsheet: Protection

Libya REACH Multi-Sector Needs Assessment

June 2016

This factsheet is one of a series of sector specific factsheets presenting key indicators on the humanitarian situation in Libya at a glance.

Findings are based on primary data collected in June 2016 from People with Knowledge (PwK) across Libya, as part of a multi-sector needs assessment (MSNA). Where possible findings are compared with those from the previous MSNA in February 2016 to assess overall trends.

Data was collected from 550 PwK from 27 municipalities between 12 and 30 June 2016. Due to the purposive selection of PwK, data should only be considered as indicative of the overall situation in assessed areas.

Social Cohesion

Reported status of relationship between IDPs and host community (HC):

Tensions/ hostilities already exist	9%
HC receptive for a limited time only	45%
HC receptive for a long time	46%
