Rapid Response Mechanism: Central African Republic

01 - 31 August 2017 Monthly dashboard

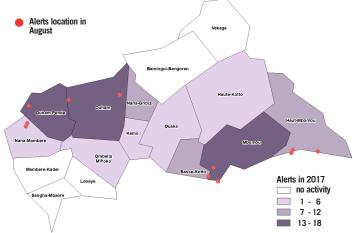

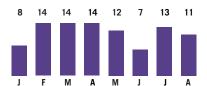

The Rapid Response Mechanism (RRM) is designed to monitor humanitarian action, conduct multisector assessments, emergency non-food items distributions (NFI) and water, sanitation and hygiene interventions (WASH) when there is no capacity on site. Currently, RRM is made possible through the generous support of the CHF, ECHO, OFDA, Japan and SIDA. All RRM products are available on the Humanitarian Response portal.

Alerts received or sent by the RRM in 2017 Alert distribution in August and in 2017:

Alerts received or sent monthly in 2017:

Activities January - August 2017

MEX (exploratory mission)	23
MSA (multisectorial assessment)	42
NFI distributions	24
WASH interventions	15
Hygiene sessions	75
