

## Introduction

This multi-sector needs assessment is part of a monthly data collection exercise which aims to gather information about needs and the humanitarian situation inside Syria. The factsheets present information collected in January 2016, referring to the situation in December 2015.

These factsheets present information at the community/village level for each sub-district in Dar'a governorate. In Dar'a City (within Dar'a sub-district), neighbourhood level data has been collected so information is presented at this level\*. Selected key indicators for the following sectors are included in the factsheets: displacement, shelter, NFIs, health, food security, WASH, education. The factsheets do not cover the entire range of indicators gathered in the questionnaire.

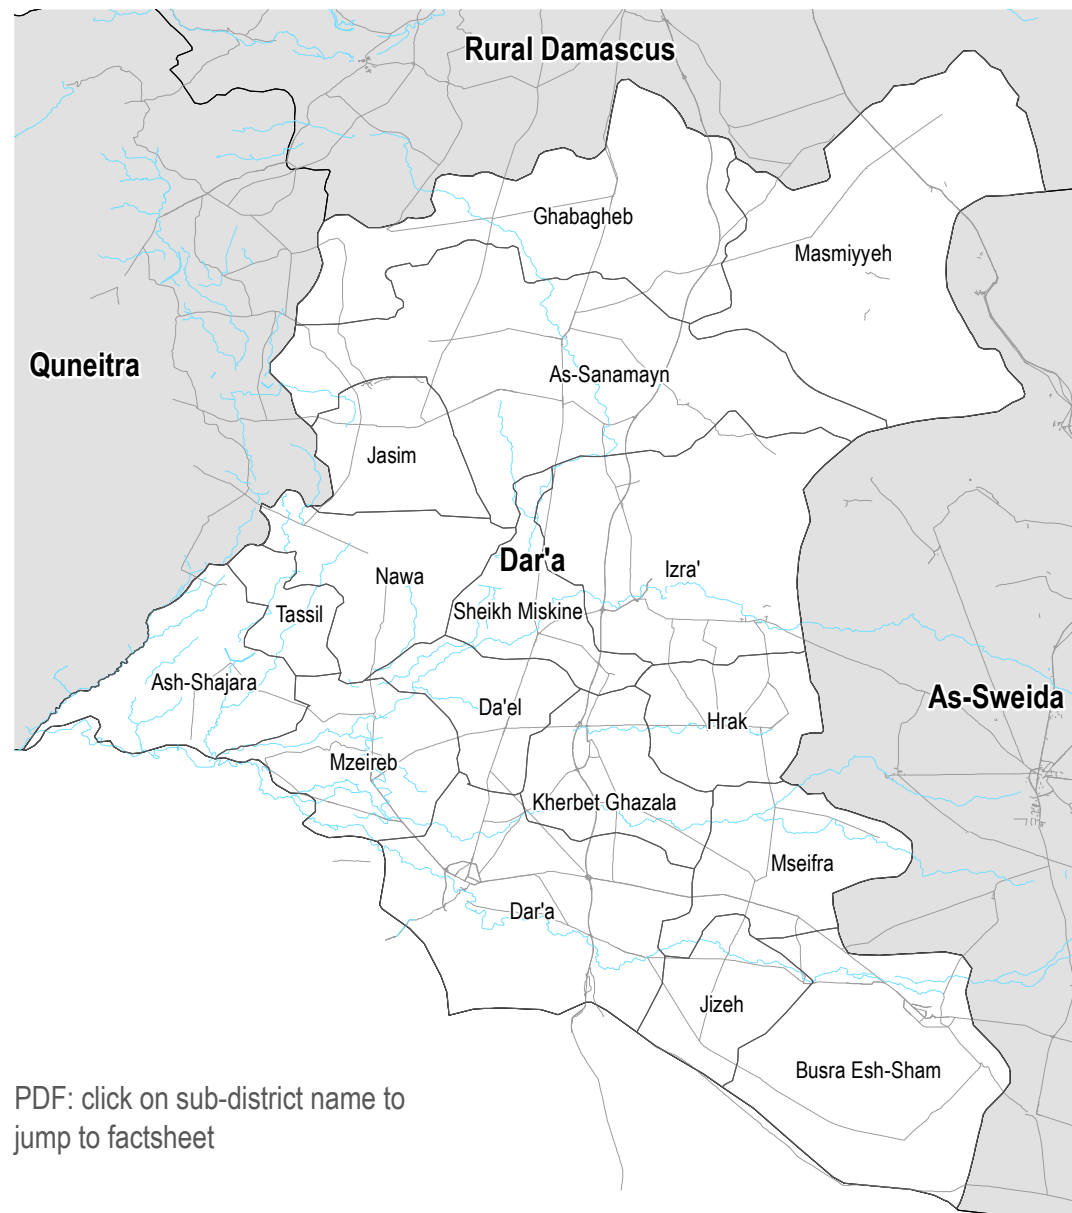

For full visualisation of all indicators collected, please see the SIMAWG Needs Identification Dynamic Reporting Tool, available here: <http://www.reach-info.org/syr/simawg/>

## Methodology and limitations

These findings are based on data collected remotely (by refugee participants in Jordan, Lebanon, Kurdistan Region of Iraq and Turkey) from Key Informants residing in their community of origin in Syria.

Information was collected from Key Informants in 78 communities in all 17 sub-districts of Dar'a governorate. For each question asked, confidence levels are assigned based on the Key Informant's area of expertise and knowledge of the sector-specific situation.

For a full description of the methodology, please see the AoO terms of reference, available on the [REACH Resource Centre here](#) (link).

# January 2016

## Shelter

### Most common shelter

- Independent apartment or house
  - Shared apartment or house
  - Collective public space not for shelter
  - Private space not for shelter
  - Unfinished apartment or house
  - No IDPs
  - No information
- Min - Max: rent paid per room (where known)

### Tiba

IDPs NDP  
  
 1500 - 2000 SYP

### Um Elmayathen

IDPs NDP  
  
 3000 - 5500 SYP

### Sayda

IDPs NDP  
  
 2750 - 3750 SYP

### Neimeh

IDPs NDP  
  
 No rent information

### Nasib

IDPs NDP  
  
 0 - 0 SYP

### Kahil

IDPs NDP  
  
 No rent information

## Livelihoods

### Most common strategies used to cope with lack of income / resources

### Tiba

Borrowing from family/friends  
 Selling household assets

### Um Elmayathen

Borrowing from family/friends  
 Selling household assets  
 Skipping meals

### Nasib

Borrowing from family/friends  
 Reducing meal size

### Neimeh

Borrowing from family/friends  
 High risk/illegal work  
 Selling household assets

### Sayda

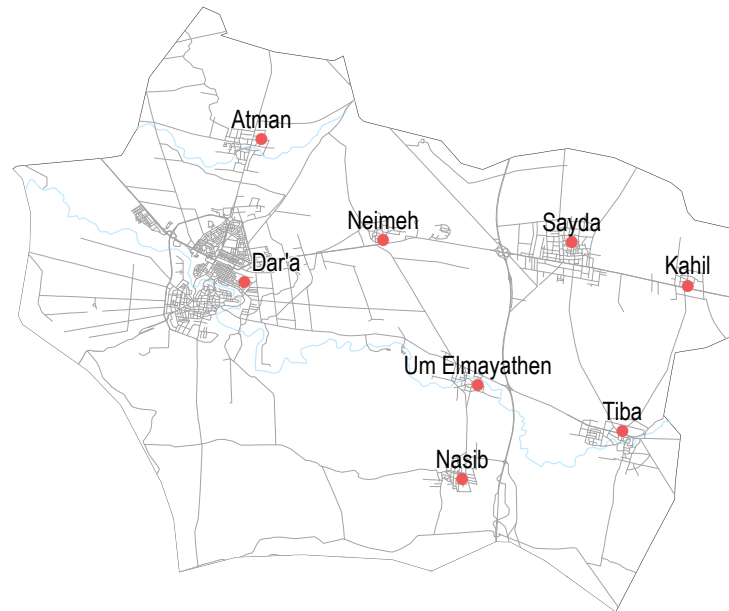

Children sent to work/beg  
 Borrowing from family/friends  
 High risk/illegal work

### Kahil

Borrowing from family/friends  
 Selling household assets  
 Skipping meals

### Assessed communities (8/8)
