

This dashboard provides an overview of the distribution (DM) and post-distribution monitoring (PDM) activities implemented from 1 to 31 July 2016. It also highlights key PDM findings on Syrian Essential Drugs and Supplies List (SEDSL), Obstetric and Midwifery kits distributed by the implementing partners (IPs).

Key figures

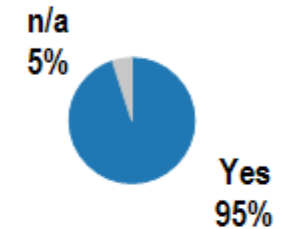

- 64** completed monitoring
- 60** post-distribution monitoring
- 37** communities covered
- 21** sub-district covered
- 14** IPs monitored
- 4** distribution monitoring

Monitoring per type

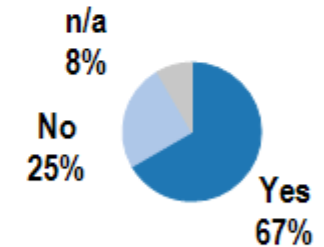

Midwifery PDM

Were all the distributed items useful?

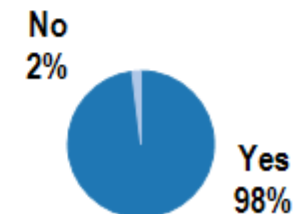

Obstetric PDM

Were all the distributed items useful?

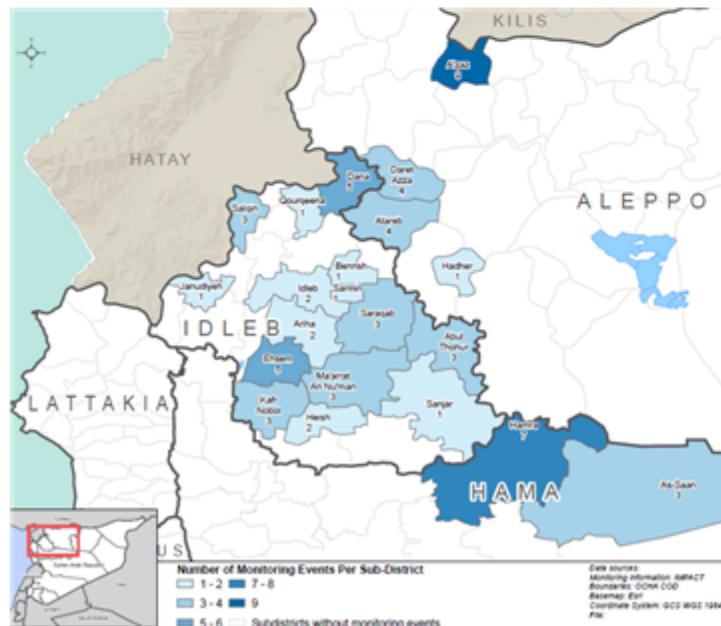

SEDSL PDM

Were all the distributed items useful?

Monitoring per sub-district

Monitoring per IP
