

**Introduction**

This multi-sector needs assessment is part of a monthly data collection exercise which aims to gather information about needs and the humanitarian situation inside Syria. The factsheets present information collected in February 2016, referring to the situation in January 2015.

These factsheets present information at the community/village level for each sub-district in Dar'a governorate. In Dar'a City (within Dar'a sub-district), neighbourhood level data has been collected so information is presented at this level\*. Selected key indicators for the following sectors are included in the factsheets: displacement, shelter, NFIs, health, food security, WASH, education. The factsheets do not cover the entire range of indicators gathered in the questionnaire.

For full visualisation of all indicators collected, please see the SIMAWG Needs Identification Dynamic Reporting Tool, available here: <http://www.reach-info.org/syr/simawg/>

In February, following complex displacement of people around Dar'a governorate. REACH conducted a series of rapid assessments which aimed to monitor the situation and assess humanitarian needs. These can be used to provide an update on information presented in these factsheets and are available here:

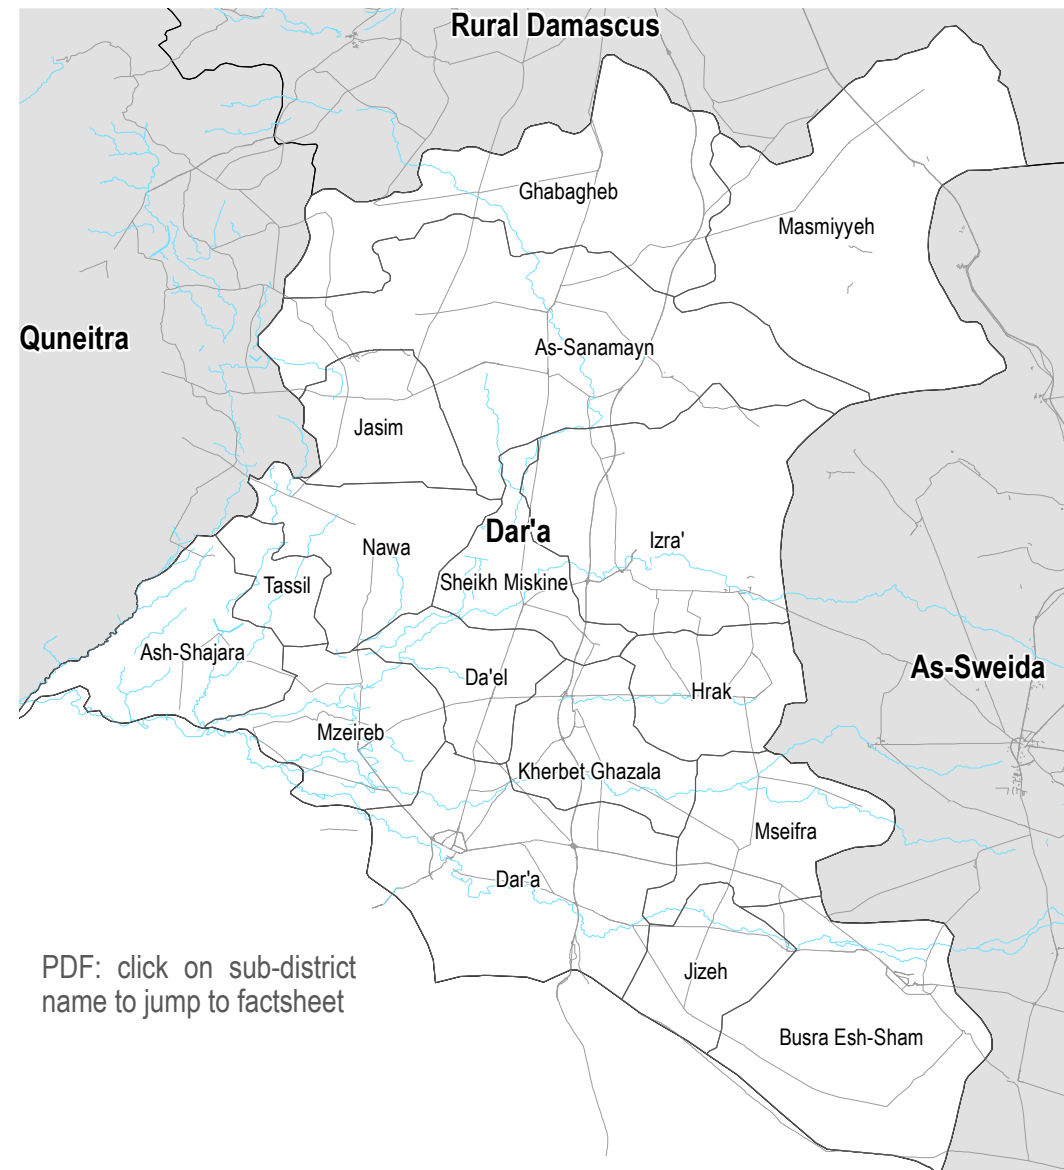

- [Dar'a displacement, 18th February 2016](#)
- [Displacement to Quneitra, 26th February 2016](#)
- [Dar'a displacement, 3rd March 2016](#)

**Methodology and limitations**

These findings are based on data collected remotely (in Jordan, Lebanon, Kurdistan Region of Iraq and Turkey) from Key Informants residing in their community of origin in Syria.

Information was collected from Key Informants in 80 communities in all 17 sub-districts of Dar'a governorate. For each question asked, confidence levels are assigned based on the Key Informant's area of expertise and knowledge of the sector-specific situation.

For a full description of the methodology, please see the Terms of Reference, available on the [REACH Resource Centre here](#) (link).

## Shelter

### Most common shelter

- Independent apartment or house
  - Shared apartment or house
  - Collective public space not for shelter
  - Private space not for shelter
  - Unfinished apartment or house
  - No IDPs
  - No information
- Min - Max: rent paid per room (where known)

### Tiba

IDPs NDP   
4000 - 5000 SYP

### Nasib

IDPs NDP   
6000 - 8000 SYP

### Sayda

IDPs NDP   
3500 - 7500 SYP

### Kahil

IDPs NDP   
No rent information

### Um Elmayathen

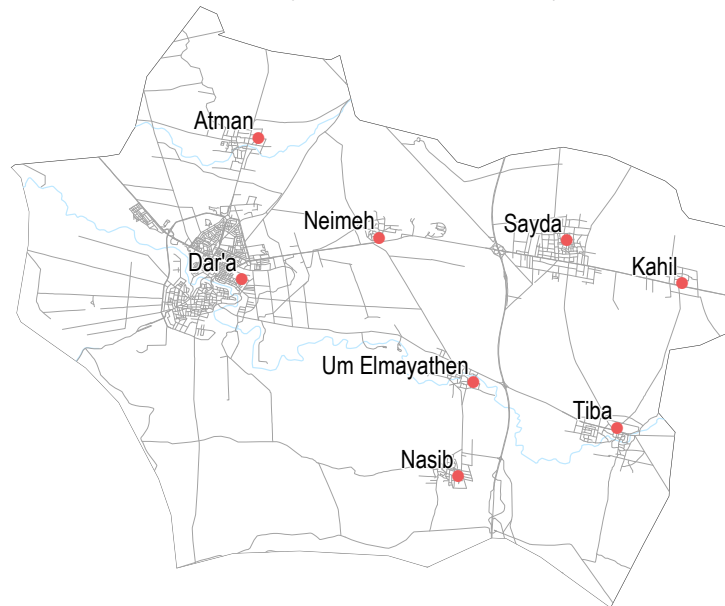

IDPs NDP   
3000 - 5500 SYP

### Neimeh

IDPs NDP   
5000 - 10000 SYP

### Assessed communities (8/8)

- Tiba
- Atman\*\*
- Sayda
- Um Elmayathen
- Nasib
- Kahil
- Neimeh
- Dar'a city (communities assessed within Dar'a city are shown on next factsheet)

## Displacement

### Tiba

26-50%   
 10000 - 60000 SYP

### Sayda

26-50%   
 14000 - 61000 SYP

### Um Elmayathen

51-75%   
 3000 - 15000 SYP

### Atman

None   
 No information

### Nasib

51-75%   
 10000 - 20000 SYP

### Neimeh

1-25%   
 10000 - 25000 SYP

- % of pre-conflict population remaining
- IDPs already living in village
- IDPs arrived in last month
- Cost of transportation to the border

## Livelihoods

Most common strategies used to cope with lack of income / resources

**Tiba**  
Children sent to work/beg  
Borrowing from family/friends

**Nasib**  
No information

**Sayda**  
Skipping meals  
Reducing meal size  
Spending days without eating

**Kahil**  
Skipping meals

**Um Elmayathen**  
Adults begging  
Children sent to work/beg  
Borrowing from family/friends

**Neimeh**  
No information

## NFIs

### Tiba

**B** 6950 SYP  
**D** 70000 SYP  
**F** 425 SYP
