

Garmawa Formal Camp Profile

Ninewa Governorate, Iraq

Iraq Internal Displacement Crisis

26 November 2014

Summary

Garmawa IDP camp reopened as a formal camp in August 2014 for internally displaced persons (IDPs) who had settled in the area. The main areas of origin of the resident IDPs are Mosul and Telafar districts, Ninewa Governorate.

Primary data was collected through household surveys on 25 - 26/11/2014. Additional information from camp managers, marked (*) is correct as of 25/11/2014.

Agencies

- EDUCATION:** UNICEF / DoE
- FOOD:** ACTED
- HEALTH:** IMC / WHO / DoH
- NFI:** UNHCR / KURDS
- PROTECTION:** UNHCR / Harikar

The three non-cash priority needs reported by the camp population were: †

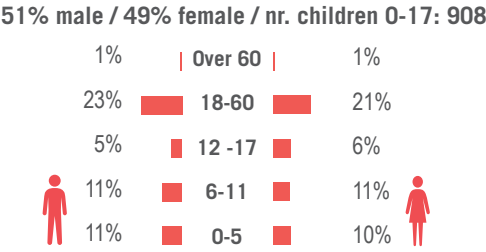

- Food** 82%
- Sanitation** 78%
- Shelter improvement** 66%

† % of respondents who chose this need from a choice of five as one of their top three priority needs.

Camp Overview

Camp management:* DMC / UNHCR
Camp population:* 1676 Individuals
Accommodation:* 400 Tents
Planned Capacity:* 1216 Tents
Camp area: 0.44km²

Demographics

Location Map

Sectoral Overview

		Target**	Achieved	
Education	% of children aged 6-11 enrolled in primary school	100%	21%	●
	% of children aged 12-17 enrolled in secondary school	100%	6%	●
Food	% of households accessed Family Food Parcel or equivalent in the past month	100%	63%	●
NFIs	% of households accessed NFI assistance since the onset of the crisis	100%	13%	●
Health*	Health services are available on-site or within walking distance	Yes	No	●
CCCM	Average open area per household	min. 30m ²	735m ² ‡	●
Protection	% of IDPs registered on an individual basis	100%	99%	●
	% of households accessed shelter since the onset of the crisis	100%	100%	●
Shelter*	Average covered area per person	min. 3.5m ²	5.5m ²	●
	Average number of individuals per tent	max.5	4.2	●
Water & Sanitation*	Litres of water available per person per day	min. 20L	50 to 70L	●
	# of persons per latrine (m/f)	max. 20	23.7 / 22.8	●
	# of persons per shower (m/f)	max. 20	95 / 91.2	●

**Targets are based on minimum standards agreed with the CCCM Cluster, Iraq. ● Target reached, ● Target more than 50% reached, ● Target less than 50% or not at all reached.
‡ The assessment was conducted during the redevelopment of the camp when a large area of the camp was not yet tented. See map below.

Key Developments

This assessment was conducted during the redevelopment of the camp. Recent successes in the camp included water provision: 98% said they had enough drinking water in the past two weeks to meet their household's needs and for purposes other than drinking.

99% had received NFI assistance since the onset of the crisis. This included clothing (received by 57%) and hygiene kits (received by 39%). No households had received footwear.

Challenges included the winterisation of tents: only 16% were raised on a concrete plinth, and 22% did not have a secondary cover, however winterisation was ongoing during the assessment. Only 69% had received food assistance in the past month. 10 assessed households (8% of all respondents) had received a food package composed of less than a standard Family Food Parcel (staple carbohydrates, dry pulses, oil, sugar and iodized salt).

CCCM Mechanisms

- The following structures are in place:
- ☒ **Camp community leadership ***
 - 48% said the committee or representative was unelected.
 - ☒ **Other camp committees in place ***
 - There is a women's committee in place.
