# **Settlement and Protection Profiling**

Camp 14 Ukhiya, Cox's Bazar, Bangladesh

July 2019 and November 2019 comparison

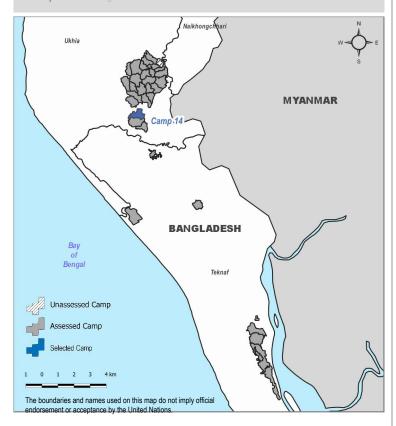

Round 6
November 2019

#### **Background and methodology**

Since August 2017, an estimated 744,400 Rohingya refugees have fled from Myanmar into Cox's Bazar, Bangladesh, increasing the total number to around 914,998.¹ The majority are reliant on humanitarian assistance, services, and resources including shelter, food, clean water, and sanitation. Information on Rohingya households, particularly in relation to protection and access to services, is in need of regular updating due to the variation in service provision across settlements, challenges presented by the monsoon and cyclone seasons, and the evolving social and contextual dynamics within each settlement. Therefore, REACH in partnership with UNHCR conducted periodic Settlement and Protection Profiling in order to support evidence-based monitoring and analysis of cross-cutting protection issues in Rohingya refugee settlements.

The sixth round of SPP was conducted in 33 out of 34 refugee camps and settlements in Cox's Bazar District from 28 October - 28 November, 2019. Surveys were conducted with households selected through simple random sampling of shelter footprints. Translators Without Borders supported with translating the form into Rohingya. Results of this assessment are generalisable to the population of each camp with a 95% confidence level and 10% margin of error. This factsheet presents an analysis of data collected in Camp 14, where 106 households were surveyed.

Where relevent, findings are compared to those of SPP Round 5 which took place from 25 June - 5 August, 2019. November 2019 data is presented in dark blue, and July 2019 data is presented in light blue.

#### ■■ Key Camp Information

Camp Management	RRRC
Site Management Support	IOM / ACF
Population (individuals) <sup>1</sup>	31,912
Population (families) <sup>1</sup>	7,049
Camp Area	0.86 km <sup>2</sup>

**Population density** 36,596 individuals/km<sup>2</sup>

#### \*\*\* Demographics

Household composition by gender and age:

**51%** of individuals are under 18

**76%** of individuals are women and children

There is an average of 5 individuals reported per household

of households reported the presence of members with disabilities<sup>4</sup>

#### From UNHCR Key Demographic Indicators dataset<sup>1</sup>

Families with PSN 27%

% of families with Persons with Specific Needs (PSN), by need<sup>3</sup>

		( // )	
Separated child(ren)	2%	Unaccompanied child(ren)	1%
Older person(s) at risk	5%	Person(s) with disability	3%
Older person(s) at risk with children	2%	Single male parent with infants	1%
Serious medical condition(s)	4%	Single female parent	14%

91% of households arrived on 25 August 2017 or later

## Protection

Five most frequently reported interventions needed to improve the sense of safety and security in the camps<sup>5</sup>:

November 2019			Ji	uly 2019
61%	Improved paths and roads	0	Improved paths and roads	<b>62</b> %
42%	Advice about safety issues	2	Better camp management	51%
34%	More lighting	3	Increased community watch groups	40%
30%	Increased community watch groups	4	Advice about safety issues	39%
28%	Better camp management	6	Natural disaster warning system	30%

<sup>2.</sup> UNHCR, Bangladesh: UNHCR Camp Settlement and Protection Profiling - Round 4, December 2018. https://data2.unhcr.org/en/documents/details/71873

<sup>3.</sup> For definitions of key terms relating to special needs and disability, refer to UNHCR "Guidance on the Use of Standardized Specific Needs Codes" https://bit.ly/2GnJE0h.

<sup>4.</sup> For this round of data collection, disability was measured at the household level using the Washington Group Short Set of questions on disability. According to this methodology, 'disability' is determined as anyone in the household having at least 'a lot of difficulty' following six domains: walking, seeing, hearing, cognition, self-care, and communication.

<sup>5.</sup> Respondents could give up to three answers.

# **Settlement and Protection Profiling Camp 14**

Three most frequently reported perceived risks faced by individuals in the camp<sup>6,7</sup>:

Novem	ber 2019	Men		July 2019
31%	Natural hazards	0	No issues	38%
3170	ratarar nazarao		110 100000	30 /0
30%	No issues	2	Fear of kidnapping	37%
25%	Violence in the community	3	Natural hazards	36%
	Ť	Womer	1	
38%	Natural hazards	0	No issues	39%
30%	Violence in the home	2	Natural hazards	36%
29%	No issues	3	Fear of kidnapping	30%
	†	Boys		
40%	Natural hazards	0	Fear of kidnapping	49%
37%	Fear of kidnapping	2	Natural hazards	43%
37%	No issues	3	No issues	28%
	<b>†</b>	Girls		
45%	Fear of kidnapping	0	Fear of kidnapping	56%
42%	Natural hazards	2	Natural hazards	41%
25%	No issues	3	Fear of trafficking	31%

Three most frequently reported preferred sources of support for various forms of security incidents<sup>8</sup>:

	family, wit	g self or h persons e camps		g self or h persons he camp	Witness to incident v can	vithin the
	November 2019	July 2019	November 2019	July 2019	November 2019	July 2019

Novembe	er 2019	J	uly 2019
<b>75</b> %	· ·	sing public latrines as the for defecation	59%
24%		hat there was not enough s to safely access latrines	14%

<sup>7.</sup> These results are based on the respondent's subjective perception of risks in the camp, and not the actual number of security incidents.

<sup>8.</sup> Respondents could give multiple answers.

<sup>9.</sup> This question was asked to a subset of 81 households that reported a community watch group in their area.

<sup>10.</sup> This question was asked to a subset of 70 households that contained children under 5.

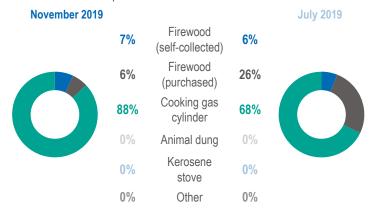

<sup>11.</sup> Findings on specific issues are reported as a percentage of households who reported any issues accessing latrines.

# **Settlement and Protection Profiling Camp 14**

66%

## Shelter and Non-Food Items (NFIs)

% of households reported their main source of fuel:

Novembe	er 2019	July 2019
99%	of households reported cooking inside their shelter	99%
64%	of households reported having a lock either inside or outside of their shelter	44%
020/	of households reported having a lock both inside	660/

Three most frequently reported items needed to address household shelter and NFI needs<sup>13</sup>:

and outside of their shelter

November	2019			July 2019
49%	Blanket	•	Shelter materials	66%
45%	Solar light	2	Solar light	57%
40%	Mat	3	Cooking items	36%

#### **Health**

82%

Novemb	er 2019	July 2019
33%	of household members were reported to have an illness serious enough to require medical treatment in the 30 days prior to data collection <sup>14</sup>	26%
57%	households reported being visited by a community health worker in the two weeks prior to data collection	38%

Three most frequently reported challenges in accessing NGO clinics in the camps<sup>15</sup>:

November 2019				July 2019
<b>62</b> %	Crowded	0	Crowded	<b>57%</b>
42%	Supplies unavailable	2	Clinic too far away	45%
37%	Clinic too far away	8	Supplies unavailable	29%

<sup>13.</sup> Respondents could give up to three answers.

#### Education

November	2019	<b>July 2019</b>		
98%	of households reported being satisfied or very satisfied with the education available in the camps <sup>16</sup>	98%		
Three most frequently reported education priorities for children <sup>14,16</sup>				

53%	Supplies	<b>U</b>	Supplies	67%
37%	Money for education	2	Better teachers	36%
36%	Better teachers	3	Money for education	28%

#### 🖺 🧥 CwC and Site Management

Three most frequently reported preferred methods of receiving information<sup>15</sup>:

Novembe	er 2019		July 2019
87%	Face to face	Face to face	81%
77%	Loudspeakers	2 Loudspeakers	81%
12%	Printed leaflet	3 Radio	4%
57%	of households reported wanting to have community representation in their camps		
80%	of households reported knowing how to access available assistance		
November 2019 July 20			
3%	of households reported for assistance in the camps	acing barriers in accessing	0%
84%	of households reported to providers listen to their of	•	92%

Three most frequently reported sources of assistance to complain or raise a problem related to assistance in camps<sup>15</sup>:

90%	Mahji	0	Camp In Charge	90%
<b>75</b> %	Camp In Charge	2	Mahji	86%
12%	Info points or help desk	3	Site Management Support agency	23%

### **¥** Priority Needs

Three most frequently reported priority needs:

0	Access to food Access to food	<b>46%</b> 36%
2	Clothing Shelter materials	20%
3	Electricity/solar Solar	30% 19%
■ November 2019 ■ July 2019		

<sup>14.</sup> Respondents were asked to report information for each individual in their household. The denominator for this indicator is all individuals.

<sup>15.</sup> Respondents could give multiple responses.

<sup>16.</sup> In July, this question was asked to households with children under the age of 18. In November 2019, it was asked to all households reporting the presence of members aged between 3 and 18 years old.
