South Sudan Displacement Crisis

December 2015

Summary

Protection of Civilians site 3 (PoC 3) is the largest of three PoCs at the UN House site in Juba which was established in December 2013.

In November, 123 new arrivals were recorded, with the large majority coming from Unity State. This shows a sharp decline from October, when 1542 new arrivals were recorded. As new arrivals are not included in the official registered figure, distribution services are not designed to respond to this influx.

Data was provided by camp manager (as of 07/12/2015), and spatial data was provided by REACH (as of 23/01/2015).
