

The Rapid Response Mechanism (RRM) is designed to monitor humanitarian action, conduct multisector assessments (MSAs) of needs and to implement several types of emergency responses, including distributions of essential non-food items (NFIs) and high emergency biscuits (HEBs), emergency water, sanitation and hygiene (WASH) interventions, as well as cash transfer programming (CTP). Currently, the RRM is made possible through the support of the United States Agency for International Development (USAID/BHA), the Directorate-General for European Civil Protection and Humanitarian Aid Operations (DG ECHO), the Swiss Agency for Development and Cooperation (SDC) and the Swedish International Development Cooperation Agency (SIDA). All RRM products are available on the [portal](#).

### Alerts received or sent by the RRM in 2023

#### Alert distribution in March 2023 :

Location and types of alerts in March 2023

**11** alerts in March 2023  
Median delay between alert and intervention<sup>1</sup> : **24** days
