

Camp Profile: Al Alam

Salah Al Din governorate, Iraq
August 2018

Management agency: DRC

Summary

This profile provides an overview of conditions in Al Alam camp. Primary data was collected through 67 randomly sampled household surveys between 2 July and 7 August 2018. Findings are statistically representative at the camp level with a 90% confidence level and 10% margin of error, with target sample sizes based on population figures provided by camp managers.¹ Additional information from camp managers has been used to support findings.

Camp Overview

Number of individuals: 3,392²

Number of households: 605²

Date opened: 8/8/2014

Main shelter type: Tent

Planned capacity: 1,700

Camp area: 112,308m²

Informing more effective humanitarian action

Camp Profile: Al Alam

Protection and Intentions

Vulnerable Groups

Proportion of population identified as vulnerable:

33% Pregnant/lactating women **4%** Individuals with disabilities
9% Chronically ill individuals **35%** Female-headed households

Movement Intentions

63% of households listed rehabilitation of homes in their AoO as a priority need in order to return.

Freedom of Movement

100% reported being able to leave the camp temporarily (e.g. to go to the market for livelihood opportunities).

Information and Priority Needs

Top three information needs:^{*}

Accessing humanitarian assistance **68%**
Finding job opportunities **68%**
Information about returns **40%**

Top three reported priority needs:^{*}

Food **91%**
Healthcare **65%**
Employment **62%**

Shelter and NFIs

Of the 100% that reported concerns with their shelter, the top three needs were:^{*}

Improve privacy and dignity **58%**
Weather protection **54%**
Protection from hazards **34%**

Of the 100% that reported NFI needs, the top three were:^{*}

Soft bedding items **75%**
Air water cooler **58%**
Mattresses/sleeping mats **57%**

Education

Reported attendance rates of formal education by age and sex:

62% male | 61% female

69% **6 - 11** **69%**
53% **12 - 17** **38%**

Of the **48%** of households that reported their children **did not receive education** in the 30 days prior to data collection, the top three barriers included:^{*4}

- Cannot afford to pay
- Missed too much class to now start
- No space in school

^{*} Respondents could select multiple needs or reasons. Therefore, results may exceed 100%.

⁴ Findings are based on a small subset of the sample population and are therefore considered indicative rather than statistically generalizable to all in-camp households.

⁵ Food consumption score calculated according to United Nations World Food Programme most recent technical guidelines, as of February 2008.

Food Security and Livelihoods

Household Food Consumption Score (FCS)⁵

Food Consumption Coping Strategies

97% of households reported using some form of consumption-based coping strategy in the 30 days prior to data collection. The most common of which were:^{*}

Spend savings **89%**
Buy food on credit **68%**
Sell assets **46%**

Household Income and Expenditure

Median monthly household income: **90,000 IQD (76 USD)^{6,7}**

Median monthly expenditure per household: **155,000 IQD (130 USD)⁶**

13% of adults reported working in the 30 days prior to data collection.

Top three household income sources:^{*7}

Savings **66%**
Selling assistance **63%**
Loans/debts **28%**

Top three monthly household expenditures:^{*}

Food **42%**
Healthcare **19%**
Servicing debt **14%**

WASH

Top two primary sources of drinking water over the 7 days prior to data collection:^{*}

Network (communal access) **66%**
Water trucking **31%**

100% of households had access to public or communal latrines, and 9% had access to private latrines.^{*}

100% of households reported collection services as their main method of waste disposal.

Health

Of the 32% of households who required healthcare services in the three months prior to data collection, **86% reported facing barriers to access**, with the top three barriers including:^{*4}

- High cost of healthcare
- Unqualified hospital staff
- High cost of medicines

⁶ Exchange rate of 1 USD: 1192.3 IQD, sourced from xe.com at 7/2/2018.

⁷ Income includes multiple sources such as employment, savings, selling assistance, and receiving assistance.
