

# WASH Site Profile - Nayapara RC Teknaf, Cox's Bazar, Bangladesh (December 2017) GPS Coordinates: 21.064647 92.224104

Site Overview

# of individual

# of household

# of shelters:

# of individu

per shelter:

#### **Summary**

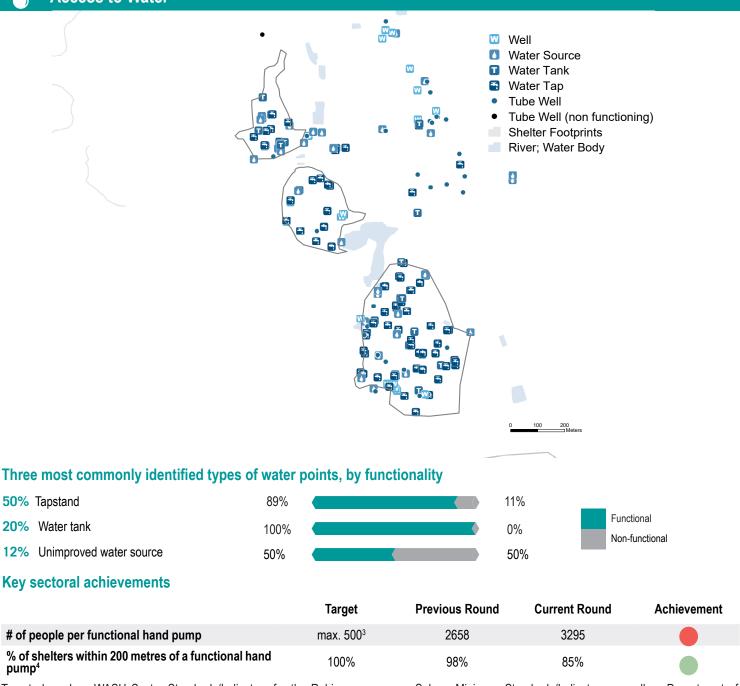

This profile provides an overview of water, sanitation and hygiene (WASH) infrastructure within Nayapara RC in Teknaf, Cox's Bazar. Primary data for this round was collected between 29 November and 17 December 2017.<sup>1</sup> Findings should be considered indicative only.

### Access to Water

| N    |       | Key WASH Infrastructure           |              |  |
|------|-------|-----------------------------------|--------------|--|
| ls:  | 23065 | # of latrines<br>(% functional):  | 921<br>(87%) |  |
| ds:  | 4656  | % of safe latrines <sup>2</sup> : | 88%          |  |
| - 1- | 2809  | # of handpumps<br>(% functional): | 13 (54%)     |  |
| als  | 8     | # of washrooms:                   | 269          |  |

**Location Map** 

269

Targets based on WASH Sector Standards/Indicators for the Rohingya response, Sphere Minimum Standards/Indicators as well as Department of Public Health and Environment (DPHE) Minimum Standards/Indicators 
Minimum standard/indicator reached, 
75%-99% minimum standard/indicator reached, • 50-74% minimum standard/indicator reached, • Less than 50% of minimum standard/indicator reached

<sup>1</sup> REACH enumerators conducted a full sweep of all sites and camps (as per boundaries defined by ISCG) and used an Open Data Kit (ODK) form to log all key infrastructure observed during this sweep, with further details to be logged for WASH infrastructure. <sup>4</sup> Safe refers to fully covered latrines (i.e. a latrine with four walls, a roof and a door) <sup>3</sup> This farget is based on standards for the medium and long term (3 months +), for the immediate phase (0-3 months) it is 1000. <sup>4</sup> The distance is based on standards for the long term (6 months+), for the immediate phase (0-3 months) it is 750 metres and for the medium phase (3-6 months) 500 metres.
