

The Rapid Response Mechanism (RRM) is a tool to monitor humanitarian action, conduct multisector assessments and intervene in NFI and WASH when there is no capacity on site. The RRM is made possible through the generous support of the CERF, CHF, Denmark, European Commission's Humanitarian Aid and Civil Protection (ECHO), Global Thematic, IFRC, OFDA, Portugal, SDC and SIDA. All RRM products are available on the [Humanitarian Response](#) portal.

Activities : January - October 2015

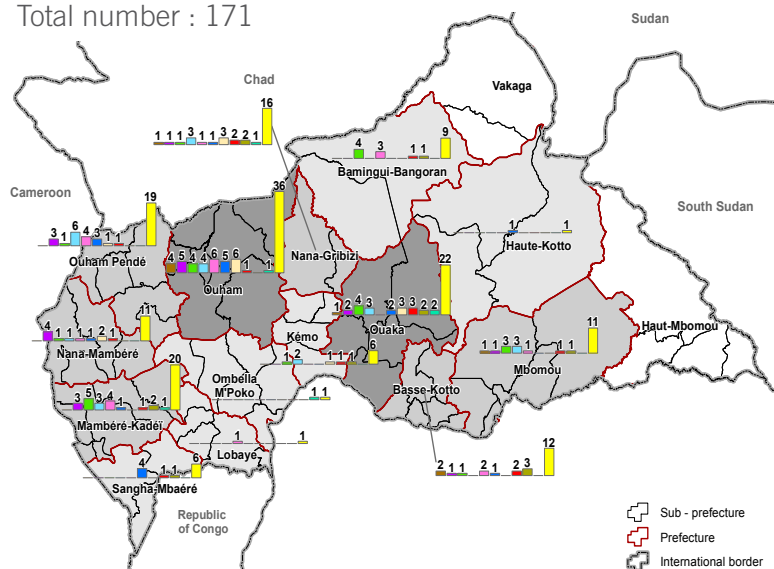

Ongoing activities are not taken into account.

RRM in action

Status of beneficiaries : January - October 2015

NB: The term 'residents' refers to individuals that have not been displaced as the result of a humanitarian-related event and are not hosting anyone in their home.

NB: The term 'host family' refers to families who are hosting displaced, returnee or refugee persons in their home.

**Due to the absence of recent population data in the majority of communities in CAR, these figures are estimations.

Results of the post-distribution monitoring : January - October 2015

The 21 PDMs made between January and October 2015 have provided the following answers to the question about the overall beneficiary satisfaction with NFIs received :

- 82% Completely satisfied
- 14% Moderately satisfied
- 3% Dissatisfied
- 1% Not satisfied at all
