Most Requested Items from RACs

Below is an overview of items most frequently requested by RACs during structured phone interviews with KIs. It should be noted that in view of the high rotation of refugees going in and out of RACs, the requested items are based on ongoing requirements for normal RAC functioning. **These requests do not necessarily mean RACs do not currently have the requested items. Rather, these requests may be based on forward looking considerations about maintaining steady supplies. Hot meals have been distributed by the government, UN agencies, NGOs and local organisations, and no major shortages of essential food items have been reported.**
