

Chlorination Practiced in the Barangay

- No
- Yes
- Provinces
- Municipalities

KIs declared that the chlorination of water is a known practice and practiced by HHs in the barangay but not necessarily by the entire population of the barangay. This information does not provide any figure on the % of the population which treat the water before drinking: it provides only an indication of the knowledge level of the HHs on water quality issues.

Data sources:
WASH Assessment: REACH / WASH Cluster
Administrative Boundaries: OCHA COD
Cities and Roads: OSM
