

The Rapid Response Mechanism (RRM) is designed to monitor humanitarian situation in a context of sudden onset emergencies, conduct multisector assessments (MSAs) of needs and to provide various types of emergency assistance in order to save lives, including distribution of essential non-food items (NFIs) and high energy biscuits (HEBs), emergency water, sanitation and hygiene (WASH) interventions, as well as cash transfer programming (CTP). Currently, the RRM is made possible through the support of the Directorate-General for European Civil Protection and Humanitarian Aid Operations (DG ECHO), the Swiss Agency for Development and Cooperation (SDC) and the Swedish International Development Cooperation Agency (SIDA). All RRM products are available on the [portal](#).

Alerts received or sent by the RRM in 2025

Alert distribution in January 2025 :

10 alerts
in January 2025

Population affected:
1,996 households
9,988 individuals

Median delay between
alert and intervention¹:
14 days

Types of alerts in 2025:

Legend:
Violence
Returning
Natural hazards
Others
