Monguno, Borno State, Nigeria

Formal camps: 16,551 households

Informal camps: 1,791 households

Host community: 2,187 households

Nigeria Displacement Crisis

August 2017

Methodology

REACH, in partnership with the Danish Refugee Council (DRC) and the Norwegian Refugee Council (NRC), conducted an assessment between July and August 2017 among IDPs residing in and out of camps in 12 Local Government Agencies (LGAs) in Borno State in relation to their displacement profiles and intentions.

This factsheet presents main findings on Monguno LGA based on data collected through interviews with 486 randomly selected IDP households in nine formal camps, two informal camps and six host communities, providing a representative sample of the roughly 20,529 household units in Monguno, with a confidence level of 90% and a margin of error of 7%.

Area of origin of IDPs

Areas of desired return/relocation³ of IDPs

¹ Households could choose more than one answer. ² Population groups are formal camps (FC); informal camps (IC) and IDPs living in host communities (HC). ³ Based on information provided by households on their perceptions of specific vulnerabilities of certain groups across different sectors. Perceptions on access to education take adult education in consideration, while groups with access to cash and land include children, according to local culture. ⁴ For households who actively plan to leave. ⁵ Return/relocation: "return" refers to the pre-displacement location, while "relocation" refers to a new location.
