

Distance to Latrines

- Buffer area of 50 m around latrines
- Shelter within 50 metres from latrine (total number = 1,232)
- Shelter outside of 50 metres from latrine (total number = 230)

- Functional Latrines
- Settlements

Standard: Sphere Project (2004), UNHCR (2007).

Latrines: Dwellings are no more than 50m from a toilet/latrine.

Latrines were mapped during a REACH assessment in September 2014. The number of shelters within and outside a 50 m buffer of the latrines was calculated using spatial analysis. The shelters were mapped by UNOSAT using satellite image analysis. The analysis represents the shelter locations as of 14 June 2014.
