

AOO Monthly Monitoring tool - JUNE 2015

	Date		Governorate of Origin			
	Name of the participant		District of Origin			
	Current Location		Sub-district of Origin			
	Participant ID		Village / Neighborhood			
Displacement						
1.1	What estimated % of your village Pre-conflict population remained on the last day of the previous month?					
	None		51-75%			
	1-25%		76-100%			
	26-50%		Not sure			
	KI Type Codes		KI Gender	Male		Female
1.1.1	How many individuals lived in your village on the last day of the previous month (including everyone - IDPs and Pre-conflict population)?					
	Minimum		Maximum		Not sure	
	KI Type Codes		KI Gender	Male		Female
1.1.2	If no individuals lived in the village on the last day of the previous month, What events lead the population to leave the village? (select all that apply)					
	Escalation of conflict			Loss of assets		
	Access to money to pay for movement			Opening of borders		
	Loss of income			Other (Specify)		
	Reduced access to basic services			Not Sure		
	Protection concerns					
	KI Type Codes		KI Gender	Male		Female
1.1.2	What % of the population that lived in your village on the last day of the previous month were women?					
	None		51-75%			
	1-25%		76-100%			
	26-50%		Not sure			

	KI Type Codes			KI Gender	Male		Female	
--	---------------	--	--	-----------	------	--	--------	--

1.2	Did any IDPs live in your village at any point during the previous month?							
	Yes			No			Not sure	
	KI Type Codes			KI Gender	Male		Female	
1.3	How many IDPs (individuals) in total lived in your village on the last day of the previous month?							
	Minimum			Maximum			Not sure	
	KI Type Codes			KI Gender	Male		Female	
1.4	How many IDPs (individuals) arrived in your village during the previous month?							
	Minimum			Maximum			Not sure	
	KI Type Codes			KI Gender	Male		Female	
1.5	What were the most common villages of origin of IDPs that arrived in your village during the previous month?							
	% of IDPs originating from village/neighbourhood 1			%		No IDPs in the village		
	% of IDPs originating from village/neighbourhood 2			%		Not sure		
	% of IDPs originating from village/neighbourhood 3			%				
	KI Type Codes			KI Gender	Male		Female	
1.6	What types of IDPs lived in the village during the previous month? (select all that apply)							
	Syrians		Palestinians		No IDPs in the village			
	Iraqis nationals		Other foreign nationals		Not sure			
	KI Type Codes			KI Gender	Male		Female	

1.7	What are the three most common reasons IDPs say they stay in this particular village? (select up to 3)							
	Access to employment/income/shelter							
	Family ties/ Good relations with host community							
	In transit (on the way somewhere else)							
	Other accessible locations/routes to other locations less safe than this village							
	Protecting assets							
	Cannot physically leave							
	No money to pay for movement							
	No IDPs in the village							
	Other (Specify)							
	Not sure							
	KI Type Codes			KI Gender				Male
1.8	What are the three most common reasons Pre-conflict population say they stay in this particular village? (select up to 3)							
	Access to employment/income/shelter							
	Family ties/ Good relations with host community							
	In transit (on the way somewhere else)							
	Other accessible locations/routes to other locations less safe than this village							
	Protecting assets							
	Cannot physically leave							
	No money to pay for movement							
	Other (Specify)							
	Not sure							
KI Type Codes			KI Gender		Male		Female	

1.9	What events are most likely to lead IDPs to leave the village if they happen?(select up to 3)							
	Escalation of conflict			Loss of assets				
	Access to money to pay for movement			Opening of borders				
	Loss of income			Other (Specify)				
	Reduced access to basic services			No IDPs in the village				
	Protection concerns			Not Sure				
	KI Type Codes			KI Gender	Male			Female
	1.10	What events are most likely to lead Pre-conflict population to leave the village if they happen?(select up to 3)						
	Escalation of conflict			Loss of assets				
	Access to money to pay for movement			Opening of borders				
	Loss of income			Other (Specify)				
	Reduced access to basic services			Not Sure				
	Protection concerns							
	KI Type Codes			KI Gender	Male			Female
	1.11	How much have people that have left your village to travel out of Syria since the beginning of the crisis, paid for the transport from the village to the border?						
	Minimum			Maximum			Not sure	
	KI Type Codes			KI Gender	Male			Female
1.12	Amongst the Pre-conflict population, how many individuals have left the village since the conflict began and later returned to the village?							
	Minimum			Maximum			Not sure	
	KI Type Codes			KI Gender	Male			Female

Shelter								
2.1	What was the most common type of housing lived in by IDPs in this village during the previous month? (select one)							
	Collective public space not usually used for shelter (e.g. School/Mosque)							
	Private space not usually used for shelter (Basement/Garage/Magasin/Warehouse/ Worksite/Barn)							
	Independent apartment or house							
	Apartment or house shared with other families							
	Unfinished apartment or house							
	Tent							
	Cave/natural shelter							
	Container							
	No IDPs in the village							
	Not Sure							
	KI Type Codes			KI Gender		Male		
2.2	What was the most common type of housing lived in by Pre-conflict population in this village during the previous month? (select one)							
	Collective public space not usually used for shelter (e.g. School/Mosque)							
	Private space not usually used for shelter (Basement/Garage/Magasin/Warehouse/ Worksite/Barn)							
	Independent apartment or house							
	Apartment or house shared with other families							
	Unfinished apartment or house							
	Tent							
	Cave/natural shelter							
	Container							
	Not Sure							
	KI Type Codes			KI Gender		Male		

2.3	Amongst village Pre-conflict population whose shelters have been damaged since the start of the conflict, what type of housing is most common? (select one)								
	There are no damaged shelters								
	Collective public space not usually used for shelter (e.g. School/Mosque)								
	Private space not usually used for shelter (Basement/Garage/Magasin/Warehouse/ Worksite/Barn)								
	Independent apartment or house								
	Apartment or house shared with other families								
	Unfinished apartment or house								
	Tent								
	Cave/natural shelter								
	Container								
	Not Sure								
	KI Type Codes			KI Gender		Male		Female	
2.4	Amongst people in your village that paid rent during the previous month, how much did they pay per room?								
	Minimum			Maximum			Not sure		
	KI Type Codes			KI Gender		Male		Female	

	NFIs							
3.1	What source of electricity was used by village population for the most hours - before the conflict?(select one)							
	No electricity source available at all				Generator			
	Main network				Not sure			
	KI Type Codes			KI Gender	Male		Female	
3.2	What source of electricity was used by village population for the most hours-during the previous month? (select one)							
	No electricity source available at all				Generator			
	Main network				Not sure			
	KI Type Codes			KI Gender	Male		Female	
3.3	What was the average price of the following items on village markets during the previous month?							
		Price in SYP	Not Available	Not sure		KI Type Codes	KI Gender	
	Butane gas (1 Cannister)							
	Kerosene (1 Llitre)							
	Propane (1 Cannister)							
	Corrugated iron sheets for roofing (3.2square meters)							
	Coal (1 KG)							
	Fire Wood (1 tonne)							
	Wood for construction (1 metre)							
	Cement (50 KG)							
3.4	What were the most common coping strategies people say they resorted to during the previous month to cope with lack of fuel? (select up to 3)							
	No lack of fuel				Cutting trees to burn			
	Burning furniture without use				Burning Plastics			
	Burning furniture with use				Burning Waste			
	Burning clothes				Other (Specify)			
	Burning agriculture apparels/other productive assets				Not sure			

	KI Type Codes			KI Gender	Male		Female	
--	---------------	--	--	-----------	------	--	--------	--

Health									
4.1	What was the most common reason why people in your village could not access the health care facilities they needed during the previous month?(select one)								
	No lack of access reported					Health care services are too expensive			
	Security concerns to remain in health facility					Other (Specify)			
	Security concerns to enter health facility					Not sure			
	High cost of/unavailable transportation to access health facility								
KI Type Codes			KI Gender		Male		Female		
4.2.1	What were the most common health problems reported by all the people in your village during the previous month?(select up to 3)								
	Diarrhea				Symptoms of psychological trauma (e.g. PTSD, depression)				
	Injuries				Acute respiratory Infections				
	Pregnancy related diseases				Maternal health issues (after pregnancy)				
	Skin disease (i.e. Leishmaniasis)				Communicable diseases (hepatitis, measles, typhoid, cholera and dysentery)				
	Fever				Chronic diseases (diabetes, high blood pressure, cardio vascular)				
	Polio				Severe diseases affecting those aged less than 5				
	Malnutrition				Lack of disability related care				
	Other (specify)				Not sure				
KI Type Codes			KI Gender		Male		Female		

4.2.2	What were the most common health problems reported by elderly (60 years or older) in your village during the previous month? (select all that apply)									
	Diarrhea			Symptoms of psychological trauma (e.g. PTSD, depression)						
	Injuries			Acute respiratory Infections						
	Skin disease (i.e. Leishmaniasis)			Communicable diseases (hepatitis, measles, typhoid, cholera and dysentery)						
	Fever			Chronic diseases (diabetes, high blood pressure, cardio vascular)						
	Polio			Severe diseases affecting those aged less than 5						
	Malnutrition			Lack of disability related care						
	Other (specify)			Not sure						
	KI Type Codes			KI Gender	Male		Female			
4.2.3	What were the most common health problems reported by women in your village during the previous month? (select all that apply)									
	Diarrhea			Symptoms of psychological trauma (e.g. PTSD, depression)						
	Injuries			Acute respiratory Infections						
	Pregnancy related diseases			Maternal health issues (after pregnancy)						
	Skin disease (i.e. Leishmaniasis)			Communicable diseases (hepatitis, measles, typhoid, cholera and dysentery)						
	Fever			Chronic diseases (diabetes, high blood pressure, cardio vascular)						
	Polio			Severe diseases affecting those aged less than 5						
	Malnutrition			Lack of disability related care						
	Other (specify)			Not sure						
KI Type Codes		KI Gender	Male		Female					

4.2.4	What were the most common health problems reported persons with disabilities in your village during the previous month? (select all that apply)									
	Diarrhea			Symptoms of psychological trauma (e.g. PTSD, depression)						
	Injuries			Acute respiratory Infections						
	Pregnancy related diseases			Maternal health issues (after pregnancy)						
	Skin disease (i.e. Leishmaniasis)			Communicable diseases (hepatitis, measles, typhoid, cholera and dysentery)						
	Fever			Chronic diseases (diabetes, high blood pressure, cardio vascular)						
	Polio			Severe diseases affecting those aged less than 5						
	Malnutrition			Lack of disability related care						
	Other (specify)			Not sure						
	KI Type Codes			KI Gender	Male		Female			
4.3.1	What are the main difficulties faced by elderly persons in your village to get the healthcare services needed?(select all that apply)									
	No difficulties of access reported			No health facilities available in the area						
	No elderly in the area			Security concerns around travel to health facility						
	Old age			High cost of transportation to health facility						
	Disability/injuries/illness			Lack of transportation/long distance to facility						
	Health care services are too expensive			Security concerns to enter/remain in the health facility						
	Not permitted to enter facility			Family not permitting travel to health facility						
	Not sure			Other (specify)						
KI Type Codes		KI Gender	Male		Female					

4.3.2	What are the main difficulties faced by women in your village to get the healthcare services needed, during the previous month?(select all that apply)									
	No difficulties of access reported				No health facilities available in the area					
	No women in the area				Security concerns around travel to health facility					
	Old age				High cost of transportation to health facility					
	Disability/injuries/illness				Lack of transportation/long distance to facility					
	Health care services are too expensive				Security concerns to enter/remain in the health facility					
	Not permitted to enter facility				Family not permitting travel to health facility					
	Not sure				Other (specify)					
	KI Type Codes			KI Gender		Male		Female		
4.3.3	What are the main difficulties faced by persons with disabilities in your village to get the healthcare services needed, during the previous month? (select all that apply)									
	No difficulties of access reported				No health facilities available in the area					
	No person with disability in the area				Security concerns around travel to health facility					
	Old age				High cost of transportation to health facility					
	Disability/injuries/illness				Lack of transportation/long distance to facility					
	Health care services are too expensive				Security concerns to enter/remain in the health facility					
	Not permitted to enter facility				Family not permitting travel to health facility					
	Not sure				Other (specify)					
KI Type Codes			KI Gender		Male		Female			

4.4.1	What type of healthcare services is most needed by persons with disabilities in this village, during the previous month?(select all that apply)							
	There are no health services			There are no persons with disabilities				
	Psychiatric care			Delivery by skilled provider				
	P&O			Surgical care				
	Assistive devices			Drugs				
	Antenatal care			Home visits by health professionals				
	Chronic diseases			Not sure				
	Psychosocial support							
	KI Type Codes		KI Gender	Male		Female		
4.4.2	What type of healthcare services is most needed by women in this village, during the previous month? (select all that apply)							
	There are no health services			There are no women				
	Psychiatric care			Orthopedics				
	Prosthetics and Orthotics			Delivery by skilled provider				
	Assistive devices			Surgical care				
	Antenatal care			Drugs				
	Chronic diseases			Home visits by health professionals				
	Psychosocial support			Not sure				
	KI Type Codes		KI Gender	Male		Female		

4.4.3	What type of healthcare services is most needed by elderly (60 years and older) persons in this village, during the previous month? (select all that apply)						
	There are no health services			There are no elderly people			
	Psychiatric care			Delivery by skilled provider			
	P&O			Surgical care			
	Assistive devices			Drugs			
	Chronic diseases			Home visits by health professionals			
	Psychosocial support			Not sure			
	KI Type Codes		KI Gender	Male		Female	
4.5	Where do the majority of women in your village deliver babies?						
	At home with midwife care			Hospital			
	At home without midwife			Other (specify)			
	Primary health care facility			Not sure			
	KI Type Codes		KI Gender	Male		Female	

	WASH							
5.1	What was the average price of the following items on village markets during the previous month?							
		Price in SYP	Not Available	Not sure		KI Type Codes	KI Gender	
	Individual Soap (one bar)							
	Jerry can							
	Laundry powder (1KG)							
	Sanitary napkins/pads (1 pack of 9)							
	Disposable diapers (1 pack of 24)							
	KI Type Codes		KI Gender	Male		Female		
	5.2	What was the average cost of the following types of water in your village during the previous month? (in SYP) (indicate if Not available or Not sure)						
	Water network (cubic metre)			Water trucking (public/subsidised - cubic metre)				
	Bottled water (litre)			Water trucking (private - cubic metre)				
	KI Type Codes		KI Gender	Male		Female		
	5.3	What was the most common drinking water source accessed by people in your village during the previous month? (select one)						
	Network			Surface water/unprotected spring				
	Open well			Rainwater				
	Closed well			Bottled Water				
	Water trucking			Other (specify)				
	Protected spring			Not Sure				
	KI Type Codes		KI Gender	Male		Female		
	5.4	What best describes the status of the water from the most common source accessed in your village during the previous month? (select one)						
	Water is fine to drink			People got sick after drinking the water				
	Water tastes/smells bad			Not sure				

	KI Type Codes			KI Gender	Male		Female	
5.5	What are the 3 most prevalent problems with latrine/toilet during the previous month? (select up to three)							
	There are no problems			Too crowded/not sufficient				
	No water to flush			Not clean				
	Cannot empty septic tank			Not sure				
	Connection to sewage blocked							
	KI Type Codes			KI Gender	Male		Female	
5.6	What was the most common way that people in your village disposed of their garbage during the previous month? (select one)							
	Private (Paid) garbage collection (someone collects rubbish against a fee)			Garbage is buried or burned				
	Public (Free) garbage collection			Other (specify)				
	Garbage is left in the street/public area			Not sure				
	Garbage is disposed of at designated waste management site							
	KI Type Codes			KI Gender	Male		Female	
5.7	Was there a reduction in volume of safe water available in your village in the previous month compared to the month before? (select one)							
	Improved (more water available compared to last month)		Worse (less water available compared to last month)					
	Same (No Change)		Not Sure					
	KI Type Codes			KI Gender	Male		Female	

Food security							
6.1	How did people in your village obtain food during the previous month? (select all of that apply)						
	Bartering			Received through food distributions			
	Purchased			Received from others (relatives/friends)			
	Own production			Not sure			
	KI Type Codes		KI Gender	Male		Female	
6.2	Were prices controlled in village markets during the previous month?						
	Yes		No		Not sure		
	KI Type Codes		KI Gender	Male		Female	
6.3	What were the main reasons why people in your village had difficulties accessing enough food during the previous month? (select all that apply)						
	There were no challenges			Lack of availability of cooking fuel			
	Lack of resources to buy food available in the markets			Some food items not available on the market			
	Lack of access to market			Lack of access to available cooking fuel			
	Some types of foods are too expensive			Not sure			
	Local food production has decreased						
	KI Type Codes		KI Gender	Male		Female	
6.4	What % of IDPs received food assistance during the previous month?						
	None		51-75%		Not sure		
	1-25%		76-99%				
	26-50%		100%				
	KI Type Codes		KI Gender	Male		Female	
6.5	What % of Pre-conflict population received food assistance during the previous month?						
	% of Pre-conflict population		Not sure				
	KI Type Codes		KI Gender	Male		Female	

6.6	What was the average price of the following items in your nearest market during the previous month?						
		Price in SYP	Not available	Not sure		KI Type Codes	KI Gender
	Rice (1KG)						
	Mutton (1KG, uncooked)						
	Chicken (1KG, uncooked)						
	Cooking oil (1 Litre)						
	Sugar (1KG)						
	Tomato (1KG)						
	Cucumber (1KG)						
	Bread-public (1pack)						
	Bread-private (1pack)						
	Flour (1KG)						
	Milk (1KG)						
	Eggs (1KG)						
	Baby formula (1 KG)						
	Pepsi (1 Litre)						

6.7	What was the average price of the following items in your nearest market before the conflict?									
		Price in SYP	Not available	Not sure		KI Type Codes	KI Gender			
	Rice (1KG)									
	Mutton (1KG, uncooked)									
	Chicken (1KG, uncooked)									
	Cooking oil (1 Litre)									
	Sugar (1KG)									
	Tomato (1KG)									
	Cucumber (1KG)									
	Bread-public (1pack)									
	Bread-private (1pack)									
	Flour (1KG)									
	Milk (1KG)									
	Eggs (1KG)									
	Baby formula (1 KG)									
	Pepsi (1 Litre)									
6.8	What was the most common source of bread accessed by people in your village during the previous month? (select one)									
	Public bakeries			Humanitarian aid distribution						
	Private bakeries			Government distribution						
	Shops			Distribution by others						
	Homemade			Not sure						
	<div> <div> KI Type Codes </div> <div> </div> </div>	<div> <div> KI Gender </div> <div> Male </div> </div>	<div> <div> Female </div> <div> </div> </div>							
6.9	On how many days during the previous month, was bread not available to buy from public bakeries in your village?									
	0			More than 21 days						
	1 - 10days			There are no public bakeries in the village						
	11 - 20 days			Not sure						

KI Type Codes		KI Gender	Male		Female	
---------------	--	-----------	------	--	--------	--

6.10	On how many days during the previous month, was bread not available to buy from private bakeries in your village?							
	0			More than 21 days				
	1 - 10days			There are no private bakeries in the village				
	11 - 20 days			Not sure				
	KI Type Codes				KI Gender	Male		
6.11	What were the most common reasons why people could not access or make bread every day in your village during the previous month?(select up to 3)							
	Bread accessed every day				Other inputs hard to access (explain)			
	Flour is not available				Flour is too expensive/hard to access			
	Wheat is not available				Wheat is too expensive/hard to access			
	Not enough electricity/fuel available				Electricity/fuel too expensive/hard to access			
	Other (specify)				Not Sure			
	KI Type Codes			KI Gender	Male		Female	
6.12	Were there any children living in your village during the previous month that had been diagnosed with SAM (Severe Acute Malnutrition)?							
	Yes			No			Not sure	
	KI Type Codes			KI Gender	Male		Female	

Livelihoods									
7.1	What were the most common income/resources used by people in your village to over essential needs during the previous month? (select up to 3)								
	Stable employment (salaried)			Support from family/friends in Syria					
	Unstable employment (daily)			Remittances (from outside Syria)					
	Farm owner			Allowances (social security/welfare)					
	Business Trade			Cash/items from humanitarian organisations					
	Savings			Sale of household assets					
	High risk/illegal work			Other(specify-must not be coping strategy in 7.3)					
	Sale of humanitarian aid			Not sure					
	Begging								
	KI Type Codes		KI Gender	Male		Female			
7.2	What was the most common currency used in the village during the previous month? (Select one)								
	Syrian Pound		Jordanian Dinar		Lebanese Pound				
	USD		Turkish Lira		Iraqi Dinar				
	KI Type Codes		KI Gender	Male		Female			
7.3	Which of the following coping strategies did people in your village use to cope with lack of income/resources during the previous month? (select all that apply)								
	Begging			High risk/illegal work					
	Looking for food in garbage			Taking loans/buying on credit (formal/informal)					
	Selling household assets			Borrowing money or food from family/friends					
	Skipping meals			Spending days without eating					
	Reducing size of meals			Other (specify)					
	Eating weeds			Not sure					
	KI Type Codes		KI Gender	Male		Female			

	Education										
8.1	Which of the following education facilities were available in your village during the previous month?										
	Primary school	Functioning			Secondary school	Functioning					
		Not functioning				Not functioning					
		Not available				Not available					
		Not sure				Not sure					
	Highschool	Functioning			Institute	Functioning					
		Not functioning				Not functioning					
		Not available				Not available					
		Not sure				Not sure					
	University	Functioning				Functioning					
		Not functioning				Not functioning					
		Not available				Not available					
		Not sure				Not sure					
	KI Type Codes			KI Gender		Male		Female			
	8.2	What were the most common reasons why school-aged children were not attending school during the previous month? (select up to 3)									
	All children access education services				Services have no spaces available						
No services available due to destruction of facilities				Services exist but are not accessible							
No services available due to lack of teaching staff				Parents do not approve of curriculum							
No services available due to lack of school supplies				Other (specify)							
Distance to services is too far				Not sure							
Route to services is unsafe											
KI Type Codes			KI Gender		Male		Female
