AOO Monthly Monitoring tool - MAY 2015					
Date			Governorate of Origin		
Name of the participant			District of Origin		
Current Location			Sub-district of Origin		
Participant ID			Village / Neighborhood		

Displacement

1.1 What estimated % of your village Pre-conflict population remained on the last day of the previous month?

None			51-75%		
1-25%			76-100%		
26-50%			Not sure		
KI Type Codess			KI Gender	Male		Female	

1.1.1 How many individuals lived in your village on the last day of the previous month (including everyone - IDPs and Pre-conflict population)?

Minimum			Maximum			Not sure	
KI Type Codes			KI Gender	Male		Female	

1.2 Did any IDPs live in your village at any point during the previous month?

Yes			No			Not sure	
KI Type Codes			KI Gender	Male		Female	

1.3 How many IDPs (individuals) in total lived in your village on the last day of the previous month?

Minimum			Maximum			Not sure	
KI Type Codes			KI Gender	Male		Female	

1.4 How many IDPs (individuals) arrived in your village during the previous month?

Minimum			Maximum			Not sure	
KI Type Codes			KI Gender	Male		Female	

1.5	What were the most common villages of origin of IDPs that arrived in your village during the previous month?						
	% of IDPs originating from village/neighbourhood 1		%		No IDPs in the village		
	% of IDPs originating from village/neighbourhood 2		%		Not sure		
	% of IDPs originating from village/neighbourhood 3		%				
	KI Type Codes			KI Gender	Male		Female

1.6	What types of IDPs lived in the village during the previous month? (select all that apply)						
	Syrians		Palestinians		No IDPs in the village		
	Iraqis nationals		Other foreign nationals		Not sure		
	KI Type Codes			KI Gender	Male		Female

1.7	What are the three most common reasons IDPs say they stay in this particular village? (select up to 3)			
	Access to employment/income/shelter			
	Family ties/ Good relations with host community			
	In transit (on the way somewhere else)			
	Other accessible locations/routes to other locations less safe than this village			
	Protecting assets			
	Cannot physically leave			
	No money to pay for movement			
	No IDPs in the village			
	Other (Specify)			
	Not sure			
	KI Type Codes		KI Gender	Male	Female

	What are the three most common reasons Pre-conflict population say they stay in this particular village? (select up to 3)		
1.8			
	Access to employment/income/shelter		
	Family ties/ Good relations with host community		
	In transit (on the way somewhere else)		
	Other accessible locations/routes to other locations less safe than this village		
	Protecting assets		
	Cannot physically leave		
	No money to pay for movement		
	Other (Specify)		
	Not sure		

KI Type Codes		KI Gender	Male		Female	

1.9	**What events are most likely to lead IDPs to leave the village if they happen?(select up to 3)**				
	Escalation of conflict		Loss of assets		
	Access to money to pay for movement		Opening of borders		
	Loss of income		Other (Specify)		
	Reduced access to basic services		No IDPs in the village		
	Protection concerns		Not Sure		

KI Type Codes		KI Gender	Male		Female	

1.10	**What events are most likely to lead Pre-conflict population to leave the village if they happen?(select up to 3)**				
	Escalation of conflict		Loss of assets		
	Access to money to pay for movement		Opening of borders		
	Loss of income		Other (Specify)		
	Reduced access to basic services		Not Sure		
	Protection concerns				

KI Type Codes			KI Gender	Male		Female	

1.11	**How much have people that have left your village to travel out of Syria since the beginning of the crisis, paid for the transport from the village to the border?**						
	Minimum			Maximum		Not sure	
	KI Type Codes			KI Gender	Male	Female	
1.12	**Amongst the Pre-conflict population, how many individuals have left the village since the conflict began and later returned to the village?**						
	Minimum			Maximum		Not sure	
	KI Type Codes			KI Gender	Male	Female	

	Shelter		
2.1	**What was the most common type of housing lived in by IDPs in this village during the previous month? (select one)**		
	Collective public space not usually used for shelter (e.g. School/Mosque)		
	Private space not usually used for shelter (Basement/Garage/Magasin/Warehouse/ Worksite/Barn)		
	Independent apartment or house		
	Apartment or house shared with other families		
	Unfinished apartment or house		
	Tent		
	Cave/natural shelter		
	Container		
	No IDPs in the village		
	Not Sure		
	KI Type Codes	KI Gender	Male	Female
2.2	**What was the most common type of housing lived in by Pre-conflict population in this village during the previous month? (select one)**		
	Collective public space not usually used for shelter (e.g. School/Mosque)		
	Private space not usually used for shelter (Basement/Garage/Magasin/Warehouse/ Worksite/Barn)		
	Independent apartment or house		
	Apartment or house shared with other families		
	Unfinished apartment or house		
	Tent		
	Cave/natural shelter		
	Container		
	Not Sure		
	KI Type Codes	KI Gender	Male	Female

2.3	**Amongst village Pre-conflict population whose shelters have been damaged since the start of the conflict, what type of housing is most common? (select one)**		
	There are no damaged shelters		
	Collective public space not usually used for shelter (e.g. School/Mosque)		
	Private space not usually used for shelter (Basement/Garage/Magasin/Warehouse/ Worksite/Barn)		
	Independent apartment or house		
	Apartment or house shared with other families		
	Unfinished apartment or house		
	Tent		
	Cave/natural shelter		
	Container		
	Not Sure		

KI Type Codes		KI Gender	Male		Female	

	NFIs

3.1 What source of electricity was used by village population for the most hours - before the conflict?(select one)

No electricity source available at all			Generator	
Main network			Not sure	
KI Type Codes		KI Gender	Male		Female	

3.2 What source of electricity was used by village population for the most hours-during the previous month? (select one)

No electricity source available at all			Generator	
Main network			Not sure	
KI Type Codes		KI Gender	Male		Female	

3.3 What was the average price of the following items on village markets during the previous month?

	Price in SYP	Not Available	Not sure		KI Type Codes	KI Gender
Butane gas (1 Cannister)						
Kerosene (1 Llitre)						
Propane (1 Cannister)						
Corrugated iron sheets for roofing						
Coal (1 KG)						
Fire Wood (1 tonne)						
Wood for construction (1 metre)						
Cement (50 KG)						

3.4 What were the most common coping strategies people say they resorted to during the previous month to cope with lack of fuel? (select up to 3)

No lack of fuel			Burning Plastics	
Burning furniture without use			Burning Waste	
Burning furniture with use			Other (Specify)	
Burning clothes			Not sure	
Burning agriculture apparels/other productive assets				

KI Type Codes			KI Gender	Male		Female	

Health						
4.1	**Which of the following health care facilities were available in your village during the previous month?**					

Public hospital	Functioning				Private hospital	Functioning	
	Partially functioning					Partially functioning	
	Not functioning					Not functioning	
	Not available					Not available	
	Not sure					Not sure	

Primary Health Centre	Functioning				Private clinic	Functioning	
	Partially functioning					Partially functioning	
	Not functioning					Not functioning	
	Not available					Not available	
	Not sure					Not sure	

Mobile Clinic	Functioning				Other (specify):	Functioning	
	Partially functioning					Partially functioning	
	Not functioning					Not functioning	
	Not available					Not available	
	Not sure					Not sure	

KI Type Codes		KI Gender	Male		Female	

4.2	**What were the most common reasons why health care facilities did not fully function during the previous month? (select up to 3)**				
	All facilities functioning			Medical staff not available	
	There are no facilities in the village			Female staff not available	
	Lack of funds to pay for electricity/medicine/equipment/staff			Facilities exist but are not accessible	
	Electricity not available			Facilities damaged	
	Medicine not available			Other (explain)	
	Water not available			Not sure	
	Equipment not available/not functioning				
	KI Type Codes		KI Gender	Male		Female	

4.3	**What was the most common reason why people in your village could not access the health care facilities they needed during the previous month?(select one)**				
	No lack of access reported			Not permitted to enter facility	
	Physical/ Logistical/safety obstacles			Other (Specify)	
	Health care services are too expensive			Not sure	
	KI Type Codes		KI Gender	Male		Female	

4.4	**Which of the following health care services were available in your village during the previous month? (select all that apply)**				
	None of these health care services were available			Surgery	
	Diarrhea management			Diabetes Care	
	Emergency care - accidents and injuries			Child immunization	
	Skilled care during childbirth			Not sure	
	KI Type Codes		KI Gender	Male		Female	

4.5	**How much did one packet the following basic medications cost on average to buy in your village during the previous month?**						
		Price in SYP	Not available in the village since before the crisis	Not available during the previous month	Not sure	KI Type Codes	KI Gender
	Antibiotics						
	Analgesics (painkillers)						
	Oral Rehydration Salts (ORS)						

4.6	**Did most people in your village that went to health care facilities (in the village or outside) during the previous month, pay for consultations, treatment procedures and drugs?**					
	Yes			No		Not sure	
	KI Type Codes			KI Gender	Male		Female	

4.7	**What were the most common health problems reported in your village during the previous month? (select up to 3)**			
	Disabilities		Psychological trauma	
	Diarrhea		Acute respiratory Infections	
	Skin disease		Maternal health issues	
	Leichmaniasis		Communicable diseases (hepatitis, typhoid, cholera and dysentery)	
	Measles		Chronic diseases (diabetes, high blood pressure, cardio vascular) with no access to medicine	
	Injuries		Severe diseases affecting those aged less than 5	
	Fever		Other (specify)	
	Polio		Not sure	
	Malnutrition			
	KI Type Codes		KI Gender	Male		Female	

4.8	**What % of pregnant women in your village delivered babies at home during the previous month without assistance from a midwife/trained nurse?**							
	No birth during the previous month				51-75%			
	1-25%				76-100%			
	26-50%				Not sure			
	KI Type Codes			KI Gender	Male		Female	
4.9	**Where there any instances of reported sexual violence in your village during the previous month?**							
	Yes			No			Not sure	
	KI Type Codes			KI Gender	Male		Female	

WASH			

5.1 What was the average price of the following items on village markets during the previous month?

	Price in SYP	Not Available	Not sure		KI Type Codes	KI Gender
Individual Soap (one bar)						
Jerry can						
Laundry powder (1KG)						
Sanitary napkins/pads (1 pack of 9)						
Disposable diapers (1 KG)						

5.2 What was the average cost of the following types of water in your village during the previous month? (in SYP) (indicate if Not available or Not sure)

Water network (cubic metre)		Water trucking (public/subsidised - cubic metre)	
Bottled water (litre)		Water trucking (private - cubic metre)	

KI Type Codes			KI Gender	Male		Female	

5.3 What was the most common drinking water source accessed by people in your village during the previous month? (select one)

NGO assistance		Surface water/unprotected spring	
Network		Rainwater	
Open well		Bottled Water	
Closed well		Other (specify)	
Water trucking		Not Sure	
Protected spring			

KI Type Codes			KI Gender	Male		Female	

5.4	What best describes the status of the water from the most common source accessed in your village during the previous month? (select one)					
	Water is fine to drink			People got sick after drinking the water		
	Water tastes/smells bad			Not sure		
	KI Type Codes		KI Gender	Male		Female	

5.5	Did all people in your village have access to latrines during the previous month?					
	Yes		No		Not sure	
	KI Type Codes		KI Gender	Male		Female	

5.6	What was the most common way that people in your village disposed of their garbage during the previous month? (select one)					
	Garbage collected by waste management service			Garbage is buried or burned		
	Garbage is left in the street/public area			Other (specify)		
	Garbage is disposed of at designated waste management site			Not sure		
	KI Type Codes		KI Gender	Male		Female	

5.7	**Was there a reduction in volume of safe water available in your village in the previous month compared to the month before - if so, what were the most common reasons for this? (select up to 3)**				
	No reduction		Lack of fuel for generator at pumping station		
	Public water network/system damaged/leaking pipes		Treatment station is damaged and water is untreated		
	Lack of electricity		Other (specify)		
	Shortage of chlorine at treatment plant		Not Sure		
	KI Type Codes		KI Gender	Male		Female	

5.8	**Was there a reduction in volume of available safe water in your village since the conflict began - if so, what were the most common reasons for this? (select up to 3)**				
	No reduction		Lack of fuel for generator at pumping station		
	Public water network/system damaged/leaking pipes		Treatment station is damaged and water is untreated		
	Lack of electricity		Other (specify)		
	Shortage of chlorine at treatment plant		Not Sure		
	KI Type Codes		KI Gender	Male		Female	

	Food security						

6.1	**How did people in your village obtain food during the previous month? (select all of that apply)**						
	Bartering			Received through food distributions			
	Purchased			Received from others (relatives/friends)			
	Own production			Not sure			
	KI Type Codes			KI Gender	Male		Female

6.2	**Were prices controlled in village markets during the previous month?**						
	Yes		No		Not sure		
	KI Type Codes		KI Gender	Male		Female	

6.3	**What were the main reasons why people in your village had difficulties accessing enough food during the previous month? (select all that apply)**						
	There were no challenges			Lack of availability of cooking fuel			
	Lack of resources to buy food available in the markets			Some food items not available on the market			
	Lack of access to market			Lack of access to available cooking fuel			
	Some types of foods are too expensive			Not sure			
	Local food production has decreased						
	KI Type Codes			KI Gender	Male		Female

6.4	**What % of IDPs received food assistance during the previous month?**						
	None		51-75%		Not sure		
	1-25%		76-99%				
	26-50%		100%				
	KI Type Codes		KI Gender	Male		Female	

6.5	**What % of Pre-conflict population received food assistance during the previous month?**						
	% of Pre-conflict population			Not sure			

KI Type Codes			KI Gender	Male		Female	

6.6	**What was the average price of the following items in your nearest market during the previous month?**						
		Price in SYP	Not available	Not sure		KI Type Codes	KI Gender
	Rice (1KG)						
	Mutton (1KG, uncooked)						
	Chicken (1KG, uncooked)						
	Cooking oil (1 Litre)						
	Sugar (1KG)						
	Tomato (1KG)						
	Cucumber (1KG)						
	Bread-public (1pack)						
	Bread-private (1pack)						
	Flour (1KG)						
	Milk (1KG)						
	Eggs (1KG)						
	Baby formula (1 KG)						
	Pepsi (1 Litre)						
6.7	**What was the average price of the following items in your nearest market before the conflict?**						
		Price in SYP	Not available	Not sure		KI Type Codes	KI Gender
	Rice (1KG)						
	Mutton (1KG, uncooked)						
	Chicken (1KG, uncooked)						
	Cooking oil (1 Litre)						
	Sugar (1KG)						
	Tomato (1KG)						
	Cucumber (1KG)						
	Bread-public (1pack)						
	Bread-private (1pack)						
	Flour (1KG)						
	Milk (1KG)						
	Eggs (1KG)						

Baby formula (1 KG)					
Pepsi (1 Litre)					

6.8	**What was the most common source of bread accessed by people in your village during the previous month?**					
	Public bakeries			Government distribution		
	Private bakeries/shops			Distribution by others		
	Homemade			Not sure		
	Humanitarian aid distribution					
	KI Type Codes			KI Gender	Male		Female	

6.9	**On how many days during the previous month, was bread not available to buy from public bakeries in your village?**					
	0			More than 21 days		
	1 - 10days			There are no public bakeries in the village		
	11 - 20 days			Not sure		
	KI Type Codes			KI Gender	Male		Female	

6.10	**On how many days during the previous month, was bread not available to buy from private bakeries in your village?**					
	0			More than 21 days		
	1 - 10days			There are no public bakeries in the village		
	11 - 20 days			Not sure		
	KI Type Codes			KI Gender	Male		Female	

6.11	**What were the most common reasons why people could not access or make bread every day in your village during the previous month?(select up to 3)**				
	Bread accessed every day		Other inputs hard to access (explain)		
	Flour is not available		Flour is too expensive/hard to access		
	Wheat is not available		Wheat is too expensive/hard to access		
	Electricity/fuel not available		Electricity/fuel too expensive/hard to access		
	Other (specify)		Not Sure		
	KI Type Codes		KI Gender	Male	Female
6.12	**Were there any children living in your village during the previous month that had been diagnosed with SAM (Severe Acute Malnutrition)?**				
	Yes		No		Not sure
	KI Type Codes		KI Gender	Male	Female

	Livelihoods				
7.1.1	**What were the most common income/resources used by people in your village to over essential needs before the conflict?(select up to 3)**				
	Stable employment (salaried)			Support from family/friends in Syria	
	Unstable employment (daily)			Remittances (from outside Syria)	
	Farm owner			Allowances (social security/welfare)	
	Business Trade			Cash from humanitarian organisations	
	Savings			Other(specify-must not be coping strategy in 7.3)	
	Sale of humanitarian aid			Not sure	
	KI Type Codes		KI Gender	Male	Female
7.1	**What were the most common income/resources used by people in your village to over essential needs during the previous month? (select up to 3)**				
	Stable employment (salaried)			Support from family/friends in Syria	
	Unstable employment (daily)			Remittances (from outside Syria)	
	Farm owner			Allowances (social security/welfare)	
	Business Trade			Cash from humanitarian organisations	
	Savings			Other(specify-must not be coping strategy in 7.3)	
	Sale of humanitarian aid			Not sure	
	KI Type Codes		KI Gender	Male	Female
7.2	**What was the most common currency used in the village during the previous month? (Select one)**				
	Syrian Pound		Jordanian Dinar		Lebanese Pound	
	USD		Turkish Lira		Iraqi Dinar	
	KI Type Codes		KI Gender	Male	Female

7.3	**Which of the following coping strategies did people in your village use to cope with lack of income/resources during the previous month? (select all that apply)**					
	Begging			Taking loans/buying on credit (formal/informal)		
	Looking for food in garbage			Borrowing money or food from family/friends		
	Selling household assets			Spending days without eating		
	Skipping meals			Other (specify)		
	Reducing size of meals			Not sure		
	Eating weeds					
	KI Type Codes		KI Gender	Male		Female

7.4	**What were the primary challenges faced by people when maintaining their livelihoods in your village during the previous month?(select all that apply)**					
	No challenges			Inputs not available Irrigation schemes damaged		
	High cost of inputs			Lack of machinery		
	Drought			Damage to infrastructure		
	Livestock diseases			Decreased sale prices		
	Crop diseases			Loss of customers		
	Lack of fodder			Unemployment		
	Pollution			Other(specify-must not be coping strategy in 7.3)		
	No available labour			Not sure		
	High cost of labour					
	KI Type Codes		KI Gender	Male		Female

7.5	**How much were people paid per day for casual labour in your village during the previous month?**					
	Minimum		Maximum		Not sure	
	No casual labour opportunities available					
	KI Type Codes		KI Gender	Male		Female

7.6	**How many public sector employees were working in your village before the crisis (including general administration; civil registry; justice; civil protection; security)?**					
	Minimum		Maximum		Not sure	
	No public sector employees in village before crisis					
	KI Type Codes		KI Gender	Male		Female	

7.6	**How many public sector employees were working in your village before the crisis (including general administration; civil registry; justice; civil protection; security)?**					
	Minimum		Maximum		Not sure	
	No public sector employees in village before crisis					
	KI Type Codes		KI Gender	Male		Female	

7.7	**How many public sector employees were working in your village during the previoust month (including general administration; civil registry; justice; civil protection; security)?**					
	Minimum		Maximum		Not sure	
	No public sector employees in village before crisis					
	KI Type Codes		KI Gender	Male		Female	

7.8	**Were there any informal (not legally registered, e.g. savings associations/collectors, money lenders) or formal (legally registered, e.g. banks, savings/loans companies, financial services available in your village during the previous month?**					
	Formal financial services were available					
	Informal financial services were available					
	Not sure					
	KI Type Codes		KI Gender	Male		Female	

7.9	**What proportion of the following types of infrastructure was in a damaged state in your village as of the end of the previous month?**							
		None	1-25%	26-50%	51-75%	76-100%	Not applicable	Not sure
	Roads							
	Main phone lines							
	Electricity network							
	Power station							
	Water network							
	Irrigation system							
	Water treatment station							
	Other (specify):							
	KI Type Codes			KI Gender	Male		Female	

Education							

8.1 **Which of the following eduation facilities were available in your village during the previous month?**

	Functioning					Functioning	
Primary school	Not functioning				Secondary school	Not functioning	
	Not available					Not available	
	Not sure					Not sure	
	Functioning					Functioning	
Highschool	Not functioning				Institute	Not functioning	
	Not available					Not available	
	Not sure					Not sure	
	Functioning						
University	Not functioning						
	Not available						
	Not sure						

KI Type Codes			KI Gender	Male		Female	

8.2 **What were the most common reasons why school-aged children were not attending school during the previous month? (select up to 3)**

All children access education services		Services have no spaces available	
No services available due to destruction of facilities		Services exist but are not accessible	
No services available due to lack of teaching staff		Parents do not approve of curriculum	
No services available due to lack of school supplies		Other (specify)	
Distance to services is too far		Not sure	
Route to services is unsafe			

KI Type Codes			KI Gender	Male		Female
